Impact Statement

Receiving a valuable education is one of the main reasons students attend college, and one of the fundamental goals of Beta Theta Pi is to support its members in achieving their academic endeavors. Being in an organization with likeminded individuals encourages members to strive for high academic success and provides them a support network as they faces the strenuous work that school provides.

Whenever a brother has a tough academic term, it's the chapter's responsibility to aid him as he aims to improve himself. The Scholarship Advisor works with the Scholarship Chair as they develop individualized plans to help their members who fail to live up to the academic standards that the chapter puts forth. The advisor helps the chapter see beyond simply "give him study hours" to ensure that the brother is receiving the kind of accountability that he needs in order to be successful.
